Taipei TMC FB Page

Another wonderful meeting tonight. We had friends, David, Amy, and Lidia, from other clubs to join us. And a new member Teresa Tsai, a lovely tour guide, became a new Toastmaster. Welcome!

The first speaker, Lily, start her Pathways journey from an ice breaker speech again. She is a sales of a company selling semiconductor parts. She needs to find out the customer needs, analyze market trend and competitors, and cooperate with research team. Although she is busy at work, she still keeps the balance between work and life by playing piano and joining Taipei Toastmaster. Quite a balanced life. Good for you.

The second speaker, Chi, delivered his C10 speech, entitled "Get your energy and keep moving." He provided several tips of boosting energy, such as: think positively, keep straight body posture, keep moving, find something fun, and start from simple things to regain confidence. Thank you Chi, for the useful tips and congratulations for completing your CC manual.

The third speaker, Vincent, delivered his A28 speech, entitled "The future is now: Cryptocurrency, Block Chain, and the Bitcoin." This is a hot financial technology topic. He explained that due to the technology of Block Chain which can record transaction immediately, the virtual currencies, among which Bitcoin is the most popular one, are made possible. This new technology can make all transactions totally transparent and no more need of intermediaries like banks. Though Bitcoin has high price in the market, Vincent warned us about its valueless. Thank you Vincent for introducing new technology to us.
