Minutes of Last Meeting 2019/01/22

By Sunny Hsieh

Wow, it was a cold night, yet with our 10 guests and the students of Zhongshan Girls High School, we still enjoyed warm atmosphere in such a cold weather.

Also, we had a new member, Sherle, to join the self-improving and devoting path with us. Welcome.

The first speaker, April, delivered her second speech in the Pathways entitled, "Sustainable Development Goals." When people started to be aware of the resources we wasted, a worldwide organization appealed people to pursue the economic prosperity with general equality. We shall never let the next generation to pay the bill for us and to bare the consequence of our unlimited consumption.

The second speaker, Eric, delivered his Ice Breaker speech. He is a young man who has broad knowledge in engineering and commercial field. Also he can speak four languages, including Mandarin, English, Japanese, and Arabic. As his speech title, I dwell in possibilities, he is truly a young man full of potential and possibilities.

Shari, a student from Zhongshan Girls High School, delivered her speech, "Climate Change." I am so glad that a girl at Shari's age is so concerning about our planet. The climate change with the extreme weather do damage the creatures on the planet. She gave us some way to slow down the damage, such as use public transportation, reuse, and recycle.

Catherin, also a student from Zhongshan Girls High School, delivered her speech, "A dream story." She is a girl with big dream to be the most popular super star. Once a while, we faced the difficulties in life, but her dream always backed her to survive through the difficulties. I can sense the passion and bravery to life from Catherin's speech.

Stand up! Speak up!
